Art Registration Deadline Extended

Registration for The Menotomy School of Art is held over one more week. It has been announced.

Many young artists were disappointed not to be able to register for the second term, due to the sudden heavy deluge of rain last Saturday morning. There have been many queries as to whether it was too late to register for the Saturday morning classes or not.

It is not too late. There will be an Art School Representative at the school on Academy st., Saturday, Feb. 2, at 9:30 a.m., to register new pupils. The children will attend class immediately following registration.

The heavy registration of the previous session has made reorganization of the classes necessary. The classes are now limited to a maximum of twenty-five pupils in a class.

NOT GUILTY—the jury found for the defendant, the cab driver, last night at the mock trial, sponsored by the League of Women Voters, thereby reiterating the claim that a "woman driver is all ways to blame."

Two Stores, Home Scene of Breaks

Last Thursday morning an employee at Town Paint & Supply Co., 303 Broadway, reported to police that the store had been broken into during the night.

Shortly afterwards Peter Pappas reported a break in his fruit store at 1 Medford st. Entrance was gained through a skylight, it is said. However, earlier that same morning Patrolman Morgan reported he had "Dutch locked" the rear door of Pappas' store.

At noon Mrs. Grace Cook, 66 Lowell st., told police a hot plate and electric sandwich toaster had disappeared from the pantry. She thought the theft had occurred between 5 and 9 p.m. on Wednesday evening when the house was vacant.

INDUCTION call has been set for Feb. 8 at 6:45 a.m., at Library hall with 57 men leaving from Arlington, Belmont and Watertown.

BLOOD NEEDED—QUOTA A "MUST"

This is what happens to blood which local donors will give when the Bloodmobile arrives here next Monday, Feb. 4, at the parish hall of St. John's Church:

It is taken to the Blood Distribution room of the Red Cross Blood Center in Boston.

Here, where floor to ceiling refrigerated chests have "bottles of life" on their shelves, white frocked workers handle the calls for blood from military sources and from civilian, military and veterans hospitals in Massachusetts.

A telegram from Washington—"Send shipment of 400 pints of whole blood to Fairfield-Susan Air Force Base by tomorrow night."

This means that blood from the Boston Metropolitan area must be on the shelves, ready to be packed into special cases for fast air shipment to California, where it will be checked, iced and routed again on fast flying planes to Japan and Korea, to the thirsting veins of our muddy GIs wounded in battle.

A call from Chelsea Naval Hospital—"Surgery cases in the morning will require five pints of O blood; three pints of B

MRS. RUSSELL T. HAMLET, hard working chairman of the Bloodmobile, which will be at the parish hall of St. John's Church, Monday, Feb. 4, from 1 to 7 p.m.

blood; two pints of A blood; one pint of AB blood."

The telephone rings again, a call from the blood bank in your community and the technician says, "Can you spare 10 pints of O-positive blood immediately. A six-year-old boy has been badly injured in an automobile accident. We have already used three pints for him, and the doctors will need more."

The blood, fortunately, is available. It's speeded to the hospital. And the doctor works desperately to save a life.

These calls average about 100 a day, calling for great quantities of blood. Besides this, there is a daily shipment of blood that must be sent to a plasma processing center at West Point, Pa., for the Armed Forces' requirements.

The plasma supplies, since the Korean war started, have been drained. Across the nation 300,000 pints of blood are needed monthly for this part of the blood program that is vital to the defense of our country.

These calls—all are emergency in nature because lives depend on the blood that will be used—can only be answered when the healthy roll up their sleeves to aid the helpless.

In the name of the wounded, the sick, the injured, the Red Cross urges you to be a blood donor.

Pay Boosts Asked In Town Warrant

HAS 58 ARTICLES

The busiest spot in town Monday was reported to be the Town Clerk's office. Fully forty candidates for office and Town Meeting member filed before the deadline at 5 p.m.

As it now stands there will be contests in every precinct for the 3-year term for Town Meeting member, except Precinct 5.

Two surprise entries on Monday afternoon, Albert Hansen of 10 White st. filed papers for the Board of Assessors. He faces William O. Hauser, incumbent.

The contest for Library Trustee received added spice with a late, fourth contestant—Eugene A. Leonard of 27 Albermarle st.

The four-man race now includes two incumbents, Mark W. Bradford and John B. Fox (the latter being appointed three months ago) and two contestants, F. Stanley Glynn Jr., and Leonard.

Other contests exist for School Committee, with Allen, Bevins and Porteus, all incumbents, facing two, Donald O. Johnston and John M. Stiff, for the three spots; Planning Board, one opening, with William R. Dunn, Robert E. Mahoney, Hallam T. Ring running for election; Board of Health, with William S. Craig vs. the incumbent, John S. Crosby.

Although the warrant for the annual Town Meeting contains 58 articles, most of them are routine.

However, a tremendous fight looms as to pay raises for Town employees.

The Personnel Board has inserted five articles for raises and re-classifications. It proposes re-classification of assistant inspector of wires, a principal clerk, police sergeant and lieutenant (when assigned as inspector), cemetery superintendent, director of Veterans' Services, cemetery foreman and superintendent of public works.

Two of the Personnel Board's articles (#9 and #10) call for a flat \$208 increase to Town employees.

Ten registered voters have countered with articles for an undeclared increase. It is understood the Town Employees Ass'n is seeking a \$400 boost.

The Association has had several meetings in recent weeks to hear talks by union organizers.

One article is designed to prevent Town Meeting members who are Town employees from participating in the voting when "such member has a direct pecuniary interest therein."

Other articles include a study of the Pennsylvania Real Estate Tax Plan, to put Spy Pond field under Park Dept. jurisdiction (now under School Committee), a permanent Town committee for school child safety, the Town manager bill as altered by the local committee.

Also proposed is the purchase by eminent domain the lot opposite the Town Hall, now used by Colonial Motors, enlargement of East Branch Library, Christmas lights, remodeling of Russell school, central purchasing dept., central garaging of Town vehicles.

Final Rush of Candidates Fills Town Meeting Rolls

Pick Up Sextet; Two Are A.W.O.L.

On Saturday afternoon police ended a joy-riding spree of four men and two girls in a car owned by a local resident. Two of the men were found to be AWOL from the Air Force base, Geneva, N. Y.

At about 10 a.m. a mother, a local resident, called the station and asked for police help. Officer White responded.

The woman told him that her seventeen-year-old daughter was missing. She said she thought her daughter was in company with two soldiers in a 1941 Studebaker.

Shortly after 5 p.m. Patrolman Young called in from the box at the corner of Park and Massachusetts ave. that he was holding the occupants and the Studebaker there.

Two patrol cars were sent and brought in four men, the missing daughter and another girl. After questioning, the two girls and two younger men were allowed to go. The two soldiers were held for Military Police.

"Cherry" Sheet Makes Taxpayers See "Red"

The so-called "Cherry sheet," which shows assessments on the Town by the State, has been released.

Arlington's share of the MTA '51 deficit will total about \$115,290, as compared to \$37,500 in '50—an increase of over one dollar on the tax rate.

The sheet shows a balance of \$105,000 for total services in favor of the State for 1951. Usually the balance is in favor of the Town. In 1950 the balance was \$55,000. Thus, the difference between '50 and '51 will be \$160,000, or about \$2.30 on the rate.

LOCAL PEOPLE AWARDED PLAQUES

Three local figures were awarded the Boys' Clubs of America Bronze Keystone for 15 years meritorious service to boys at the Hotel Bradford on Tuesday before a gathering of 175 Board members from other Boys' Clubs in this area.

Frederick Cameron Church made the awards to:

Archie F. Bullock—Chief of Arlington Police Dept., has been a member of the Board of Directors of the Boys' Club of Arlington since it was organized in 1937. He was chairman of the committee which organized the Boys' Club and was its first president, serving from 1937 to 1940. He was a member of the Executive Committee from 1940 to 1945. He was chairman of the House Committee in 1945. His service has been especially valuable and noteworthy in the development of the organization and in winning friends for its support. His interest in the Boys' Club has resulted in constantly increased opportunities for boys.

Anna B. Callahan—has been a member of the Board of Directors of the Boys' Club of Arlington continuously since it was organized. She was secretary of the committee which planned for the organization of the Boys' Club. She was secretary from 1939 to 1941. She was treasurer of the Executive Council from 1940 to 1941. She was chairman of the Women's Council for the Boys' Club from 1948 to 1951 and treasurer for 1951. She organized and conducted many fund raising events in behalf of the Boys' Club. Her contribution of interest, time and her leadership have been most important factors in the establishment and development of the Boys' Club.

Russell P. Wise—a member of the organization committee, he has served on the Board of Directors of the Boys' Club of Arlington since it was established in 1937. He has been chairman of the nominating committee for four terms. Active in community affairs, he was chairman of the Community Fund for three years and President for three years prior to its merger with the greater Boston Community Fund; former member of the Town Finance Committee and a member of the Board of Directors of the Touchdown Club. His community activities and contacts have been very valuable to the Boys' Club and his attention to the affairs of the Boys' Club has been an important asset in the Club's service to boys.

QUOTATION FOR THE WEEK

"The abundant way" is basically letting God have His way in your life."

—Original

by the Rev. Milton F. Schadeegg, minister of the Park Avenue Congregational Church.

LEST YOU FORGET

Most gratifying was the influx of candidates for Town Meeting member this past week. By this surge every precinct will have contests for the three-year term with the exception of Precincts 5 and 12, according to early unofficial reports Monday night. In these two there are an equal number of candidates and openings.

Although the present status is not ideal, it is in marked contrast with the situation, highlighted by the Advocate a week ago. Then, as many as six precincts lacked sufficient candidates to fill the roster.

In this year's election the usual battles which tend to bring out the vote are missing. Neither the office of Selectman or member of the Board of Public Works will be contested. Both incumbents are running for re-election without opposition.

This may be a blessing in disguise. It will give us a year when contests for Town Meeting member can be featured.

All too often this most important office of all is overlooked in the more spectacular and personal battles for the so-called major offices.

Lest you forget:—your Town Meeting member is the only one that votes away your tax dollars. He, and he alone, makes the tax rate higher or lower. The assessors merely "set" it by a simple mathematical procedure.

Rare judgment of members is needed this year. Early reports indicate that there will be about eight articles in the annual Warrant pertaining to re-classification and raises to Town employees. Pressures, one way or the other, are bound to be exerted.

Who is going to represent you? A weak "ball-player" or one with the courage?

Lest you forget—when you mark crosses on your ballot opposite Town Meeting members you are making the most important decisions in your civic life.

Dear Sir,

Now that the chatter is gone and the last prize has been given out and the Third Annual Card Party is just a pleasant memory, I want to take a moment to say "Thank You."

Your contribution to the efforts of the fine group working on this project is deeply appreciated. The party was very successful in every way and you can take pride in the part you have played.

As you know, the money raised in this and similar ventures will further help us to help the 1200 youngsters enrolled here. Guided recreation in these trying times of terrific family mobility, is very important and I hope we shall always merit the faith you have shown in us by your splendid help now and always.

Hoping you will find time to visit the Arlington Boys' Club soon and thanking you again, I remain

That Man About Town

By MAT

What has become of the Monaca Cotter Trust Fund committee? It collected some \$11,000 for the badly-burned girl a few years ago. We haven't heard any news of this group for some time.

We do know that the skin operations are still proceeding on the girl, as she grows, and that a great deal of good has been done with some of the funds. We have heard that because of free doctor and hospital care, very little has been expended. We remember that the committee planned, in future years, to see that the girl received the best education possible.

Since many new articles have been filed for the town meeting to discuss, and since the deadline for filing is past, we are now of the opinion that this year's meetings will be more hectic than those of last year. Eight evening sessions were necessary to complete the 1951 appropriations. We can see, easily, that this year, we can exceed eight. Looks like we might imitate the

state legislature in setting new records for longevity.

We were talking to an advertiser in this paper last week. He had run an ad in the classified column, trying to sell an item. He told us he received no bids. We looked over his ad and told him that the way it was written it held no appeal. He suggested we run it again and write it ourselves. Put on the spot, we did rewrite it. So we'll take a pat on the back as he called us later and stated that the first bid that came in bought the article. So if you have trouble with your ads, see the boss. We know they are read but it's the appeal that counts.

Because home owners frequently have voted "no" at street hearings, because they say, costs were too high, only a fraction of the streets will be built this year—around five or six out of 25 planned. The next question is what does the Public Works Department do all summer with its equipment and staff of men?

Explains Position On Municipal Garaging

Advocate, Arlington, Mass.

Dear Editor:

A recent issue of the Advocate contained a report of the Committee on Municipal Garaging. In commenting on this you stated that the report of the Cemetery Department was very incomplete. [The Committee, not the Advocate, said so.—Ed.]

In order to let the public know the feeling of this Board, we would like to have you print the following. Also our letter to the Committee dated November 7, 1951, a copy of which is enclosed.

This department has for its use a one and one-half ton dump truck and a small pick-up truck. Also three power mowers, a compressor and a gasoline powered generator which is used for operating a hand trimmer. This equipment is housed in a two-car garage and storage bay beneath the chapel.

We also have ample spaces elsewhere in the cemetery for other equipment, as can be borne out by the fact that for four years previous to the Park Department moving to Ryder Street, we housed one of their trucks, and at various times we have accommodated the Tree Department by housing their spraying equipment.

In summing up this letter and to make our position clear to the citizens of Arlington, we would say that the Cemetery Department under the above stated conditions would find it very unprofitable to house our equipment in a municipal garage which would have to be located in some spot remote from our office.

The time loss of two men making a trip to this garage for the vehicles and back to the cemetery.

TODAY'S Meditation

CHRIST'S REDEMPITIVE MISSION

I am the light of the world. (John 9:5) I am the door. (John 10:9). Read John 10:9-16.

As my companion and I left the bus station in a southern city, we used a door which is operated by an electric eye. At the street we were stopped by a youth whose face wore a puzzled expression. "Mister," he asked, "can you show me who jerk the chain when that door opens?" My friend replied that the chain merely kept the door from slamming shut. Then he showed the youth how the interruption of a ray of light between the two posts caused the door to swing open. "When you step into that ray of light," he said, "the door is opened for you." The young man expressed both his astonishment and his gratitude for my friend's explanation of that mystery.

This incident has enlightened me in regard to the opening of the door to the Kingdom of God. When in faith we step into the ray of light which is shining from God toward us, the door to the Kingdom swings open.

PRAYER

Our blessed Lord, use me ever and always to show inquiring souls the way into the Kingdom. May I point them unfailingly to the light which is in Thee. Direct me as I seek to help them to take the step which will place them in the light and open wide the door. In Thy precious name, O Master, Amen.

THOUGHT FOR THE DAY

Just one step is necessary: the step taken toward Christ in faith.

Subway Extension Bill Approved Again; Senate Balks For Three Years—Keenan

A week ago the Committee of Metropolitan Affairs voted favorably again on the proposed bill, authorizing the Metropolitan Transit Authority to prepare plans and estimates for the extension of the Harvard Square subway in a westerly direction from its present terminus to the West Cambridge-Arlington-Belmont line.

The legislation, filed by Rep. Henry E. Keenan of Arlington, has been acted upon favorably three times by the Committee of Metropolitan Affairs. It has also been approved by the House of Representatives for three successive years. "However, it has been referred back to study after reaching the Senate," Keenan said.

Both legislative branches last year acted favorably on setting aside forty odd acres of land on the West Cambridge-Arlington-Belmont line for the proposed extension terminus, and it is hoped by proponents that this year the authority will be granted to the Metropolitan Transit Authority to go forward with the plan for the extension.

The Recess Commission of Metropolitan Affairs will visit communities this week to report on matters referred to them in the last session of the Legislature: the proposed Pleasure Bay project in South Boston; the possibility of building an overpass or underpass at the junction of Alewife Brook Parkway and Massachusetts ave., at the Arlington-Cambridge line, and at Broadway on the Arlington-Somerville line.

Join In United Action

Members of the three departments of The Methodist Youth Fellowship will gather at the church for a brief devotional service at 6:45 p.m. on Sunday and then will adjourn to attend the Arlington-wide United Christian Action service to be held in the Park Avenue Congregational church.

All youth with their teachers and counselors are expected. The Rev. Nathan Wood, pastor of First Baptist Church, will be the speaker.

Lt. Margaret L. O'Neill, U. S. M. C., daughter of Mr. and Mrs. Peter F. O'Neill of 15 Jason ter., appears several times in the R.K.O. Pathe Film presentation, "Lady Marines", which made its Broadway Premiere in New York.

Lecturing In Florida

A recent letter received from Mrs. Harold L. Frost of Brantwood rd., who is wintering in Orlando, Fla., tells of attending a travelogue with accompanying moving pictures, given in the hotel there by the Rev. Laurence L. Barber.

Rev. and Mrs. Barber are touring the large cities in this vacation state, where his lectures are popular.

The Rev. and Mrs. Barber reside at 34 Kimball road.

Over five hundred members and friends of St. Agnes Holy Name Society enjoyed the annual Sports Night of the Society held in St. Agnes auditorium last Friday evening. There were short addresses by the Reverend Oscar O'Gorman, pastor; Reverend Edward Kenney, spiritual director of the Society, and President Warren Ryan.

Father O'Gorman spoke on the aims and ideals of the Holy Name Society. His message was a direct appeal to the men of the parish to lend their support to all the activities of the Society and the Church.

The sports program got under way with Joe Coleman as master of ceremonies. Everyone got a kick out of the banter between Joe and his fellow baseball luminaries—Johnny Pesky, Walt Droppo, Eddie Pellagrini and our own Mickey Harris.

Mickey has a program lined up in the form of a baseball clinic that will interest every boy in the State when it is finally completed. Mike Holovak's comments while the B.C.H.C. game movies were being shown made a big hit with the crowd.

Helping Mike were Jack Doran, Henry O'Brien and Bill Emmons, local boys who were on the team that beat Holy Cross.

The evening closed with a showing of the movies of the 1951 World Series.

SNOW FIGHTER was purchased recently on a lease-option basis by the Board of Public Works from Eastern Mass. Railway. This is the fourth fighter which will have been purchased under the plan.

Veteran of Korean Battles To Speak

There will be Open House on Feb. 11 by Troop 9, Boy Scouts of America, in commemoration of the 42nd Anniversary of Scouting, when the United States Marines take over.

This Scout Week celebration will be held at the Church of Our Saviour on Marathon st., and activities will start at 7:30 p.m. The U. S. Marine film, "Main Street USA", will be shown and there will also be a Marine Corps souvenir display.

Lt. Colonel Raymond V. Fridrich, who is Inspector-Instructor of the Second Infantry Battalion Marine Corps Reserve with headquarters in the Fargo Building, and who just returned from the Korean Front, will be the speaker of the evening.

Lt. Colonel Fridrich actively took part in the Inchon Landing, the seizure of Seoul, Chosin Reservoir Campaign, and also in Operation "Killer" and "Ripper" on the Central Korean Front.

Youth Service

With Youth Week in most Protestant Churches already under way, Arlington youth are looking ahead to the interdenominational service next Sunday evening. The service, sponsored by the Arlington Protestant Youth Council, and one of scores throughout the state in answer to the Call to a closer commitment in Christ, will be held at the Park Avenue Congregational Church at 7:30 p.m.

Rev. Nathan W. Wood, pastor of the First Baptist Church, will speak on the Call to united Christian youth action. Gail Matheson, president of the Council, will lead the meeting.

"Mink Coat" Farce Brings Laughs

Rep. Gott Decries "Rot" In Capitol

State Representative Hollis M. Gott decried the "contaminating rot that emanates from Washington" in his speech last week at the Family Night, sponsored by the Arlington Women's Republican Club.

He called for a straight Republican vote in order to preserve the "economic life of our nation."

Rep. Gott's speech: "The last time I had the pleasure of breaking bread with the Arlington Women's Republican Club was in May, 1951. I am reminded of that because during the long legislative session of 1951, Jan. 2 to Nov. 17, there were 230 roll calls. I missed only one and that was the day I attended your May luncheon.

"We Republicans face a busy year and one that promises victory for our party and for all who have respect for good government.

"In April we have a Primary election at which time we elect 35 members of our Republican Town Committee, two delegates to the National Convention, and two to our State Committee.

"After the April election we elect officers of our Town Committee and delegates to the Republican State Convention to be held in Worcester in July.

"In September we have our usual Primary Election at which time we nominate candidates to be elected in November.

"To say that this is a crucial political year is soft and meaningless. I believe the economic life of our nation depends on the results of our November election. If we want to survive as a free country, if we want to save a little after taxes, if we want to help to remove the contaminating rot that emanates from Washington, then our duty is plain—that is to vote a straight Republican ticket.

Republicans May File For "Roots" Assembly

Local Republican leaders point out that this community is entitled to be represented among the 1200 delegates who will attend the new Republican "Grass Roots" Pre-Primary Assembly in Worcester, June 28, which endorses a Republican slate of statewide candidates for nomination in the September primaries.

Any registered Republican, they point out, can file nomination papers with local Registrars of Voters on March 4 for Republican Ward, Town or State Committee.

Such committees are elected by local voters in the April 29 primaries. Assembly delegates are chosen by these newly-elected committees.

Frost Re-elected National Director

Edmund L. Frost, president of Arlington Storage Warehouse, has been re-elected as director of the National Furniture Warehousemen's Association. Frost is one of the nation's top executives in the furniture moving and storage industry.

The Association's 31st annual Convention, recently held in Palm Beach, Florida, was attended by over 500, and according to Frost, illustrates the important position the furniture moving and storage industry holds in the nation's economy.

Speakers at the convention pointed out that, as during World War II, the national defense program will place a heavy burden on the nation's movers. As the economy continues to shift from civilian production to defense work, it will be necessary to move thousands of families to new production areas.

Right now, Frost points out, there is a heavy movement of engineers and workers to air-craft plants in California. Also, there is a steady movement about the country of families of military personnel. Frost points out that efficient movement and proper storage of household goods of military personnel and defense workers is recognized by the government as a vital, indispensable service.

According to Frost, the household goods moving and storage industry has made great strides, particularly during the past ten years. Frost points out that the National Furniture Warehousemen's Association, of which his company is a charter member, conducts a continuous training program on the proper methods of handling and storing all types of household goods.

Al Pitts, Arlington goalie, turned in a classy shut-out performance. Two saves were sensational.

However, both sides backchecked expertly so that the goalies had only 15 stops between them.

Two GS Troops Tour Advocate Plant

Members of Troops 4 and 41, Girl Scouts, were taken on a conducted tour of the Advocate plant last Wednesday afternoon.

Although this report can hardly be called impartial, the girls displayed great interest and asked many questions.

[In the adjacent column the report of the girls to their leaders is reprinted—showing a remarkable comprehension.—Ed.]

The girls are working for the badge, "My Community". After the visit to the Advocate, they were escorted through the Central Fire Station.

Chaufeur on the trip was Mrs. Ralph Warren.

Taking the tour of the Advocate plant were the following girls in Troop 41: Sara Ann Adams, 103 Grafton st.; Barbara Muller, 42 Cleveland st.; Barbara Moore, 31 Mott st.; Ruth Ellen McKiel, 57 Colonial drive; Cynthia Spanlack, 50 Cleveland st.; Dawn Moore, 11 Burch st., and Mrs. James J. Hoar Jr., leader.

Troop 4 members, of which Mrs. Mildred Adams is leader, included: Diana Hall, 31 Everett st.; Roberta Spencer, 62 Wyman st.; Barbara Schaejhe, 39 Sunnyside, ave.; Darlene Payne, 29 Harlow st.; Helen McCabe, 16 Teel st.; Joyce Martin, 28 Everett st.; Anne Higgins, 37 Grafton st.

This is how the girls reported their Advocate visit:—

"Mr. Leonard Wood, manager of the Advocate, took us through the newspaper plant while they were making an issue of the Advocate.

"Starting in the office where news is received and arranged and cut down for placing in the newspaper, there are typists and typesetters for this part. Two of the girls had their names set in type and printed, as a souvenir—Cynthia Spanlack and Joyce Martin.

"The next step in the newspaper is to have the typesetting printed and proofread for errors in spelling and misplacing of lines. The type is then locked in a big frame so that it will make two pages of a newspaper. The big frames are put on a press where they are inked and rollers print the four pages at a time. The pages are then turned and printed on the other side.

"Stacks of pages are placed on the folding machine where the edges are trimmed and with a wish the large double sheet is folded again and again and drops from the machine folded in eighths, ready to be counted, and tied for the newsboys or newsstand. After the issue is printed the type is knocked out and ready to use again. The metal is melted down in a furnace and used again."

—Mrs. James Rourke Sr., 3 Sawin st., is again confined to her home due to illness.

—Mrs. Florence Robinson, 28 Magnolia st., is still confined to her home by sickness.

A Message to the American People

From the Department of Defense: YOUR ARMED FORCES ARE SHORT 300,000 PINTS OF BLOOD A MONTH!

KOREA broke upon us with the sudden surprise of a line squall over Kansas.

Again, as in virtually every generation since American blood bought freedom for this country 175 years ago, American blood was reddening a battlefield.

With one major difference, this time. Now, in Korea, 97 out of every 100 wounded GI's reaching the most forward hospitals are being saved. That's *two* more per hundred than were saved in World War II . . . *six* more per hundred than in World War I.

That major difference, of course, is the use of plasma, derived from whole blood. Your blood.

★ ★ ★

So swift was the outbreak of war in Korea, that there was literally no time to appeal to the American people for life-giving blood.

To meet the emergency we drew upon our reserve . . . blood reserves carefully built up and hoarded since the end of World War II.

But the arithmetic of defense is simple . . . dangerously simple:

Your Armed Forces require 300,000 pints of blood a month. As of last August, it was coming in at the rate of 30,000 pints a month.

With a drain like that, how long can any reserve last?

★ ★ ★

Industry can produce the bombers, the munitions . . . but only *you* can give the blood. To date, there is no known substitute, chemical or otherwise, for the life-giving blessing of your blood.

If you have given already, tell someone who has

never given how little time and effort are required . . . how painless is the giving and how proud the knowledge that he has opened up his heart to heal a wound, to save the life of an American fighting to save his!

If you plan to give—then, in the name of a nameless soldier, sailor, marine, airman—don't wait till it's too late . . . **GIVE NOW!**

(Correspondence) DECIRES STREET COSTS

Dear "Mat": Following up your article in the Advocate of January 17, you will be interested to know that as of Dec. 15, 1951, the estimated cost by the Town for constructing Ridge st. was the astronomical figure of \$62,693.50.

Undoubtedly you know the street and how small it is. I have a 75-foot frontage and my cost was estimated at \$1,300.82.

In addition to these exorbitant figures, it is my understanding that cost is based on 1/2 the area or depth of a lot (or something) and only 1/2 on the actual frontage. So that a 75-foot frontage lot could actually be charged more than a lot with 150 feet or so.

This method is ridiculous and I believe not in use in other surrounding Towns and Cities.

Needless to say, the property owners voted 23 to 3 against laying out the street at a hearing held on Dec. 26.

This is just one example for you to help some of the Town officials "to take their heads out of the sand" and is probably indicative of the excessively high cost of estimated road work all around town.

More power to you in exposing some of the acute problems we are burdened with here in the town.

Sincerely yours,
GEO. S. LIBBY

TOWER MOTHERS CLUB

"Arlington Past and Present" was the subject of an interesting and informative talk given by Mrs. Harold B. Wood, noted Arlington historian, to the Tower Mothers Club on Monday evening.

The meeting was held at the home of Mrs. Robert Nelson and refreshments were served by co-hostesses Mrs. Rolf Martens and Mrs. Alfred Weller.

Scouters 30th annual meeting will be held at the Belmont High School on Saturday, Feb. 9, with a dinner at 6:30 p.m. It will highlight the 42nd observance of National Scout Week, Feb. 6-12.

There will be exhibits on Cub Scouting, Boy Scouting, Exploring, and Camp Sachem and songs by Levi Burnell and company. A caterer will be there to fill the cavity of the inner man while general Council president Dr. Henry Swabe will fill the cavity of the mind with words of wisdom.

A short pageant of goals and aims for '52 in Sachem will be performed and W. Rod Speirs, Scout Executive of Old Colony Council, will give the main address of the evening on "Traveling in Scouting Countries."

Speirs has taken an active part in Scouting in India, England, Australia and Japan. He has attended all the International Jamborees and his latest assignment in Japan for the Army of Occupation in setting up Democratic Youth Activities is indeed an interesting one.

Sachem's new Scout Executive, Howard D. Butler, is to be introduced and it is rumored that Arlington is to be signally honored this year.

TAFFETA WHISPERS 'SWEET SOMETHINGS'

February... month of hearts as "rocker bonnets" are converted into their own right. Inspired by the national outcropping of "poodle cuts", these hats sit primly, prettily on top of the head, balance over the brow. Short hair curls gracefully up under them. Longer bobs, chignons, taffeta skirts swirl, swoosh, whisper and rustle in the most feminine dresses, this Spring. There's flattery for every figure type in these wide-skirted styles, crackling with charm in tissue-paper taffeta. Prints, checks and solids speak of Spring with pretty eloquence.

Navy, touched with white, is a perennial formula for Spring femininity. An applique of heavy, scroll-like lace against a dress of navy taffeta looks sensational as a Valentine, especially when accessorized with red. A single stroke of red, in hat, bag, shoes, belt or scarf, underscores the freshness of navy with white as surely as Cupid's arrow finds its mark.

Above all, the little Directorate hats making their Spring debut even the younger set's "pony tail" coiffures look well under "rockers". In felt or straw, trimmed with ribbon, pique, flowers, veiling, the new millinery fashions for Spring emphasize the "pretty" look.

This year, the "rustle of Spring" is taffeta, topped by fleecy white coats and feminine "rocker bonnets". Pretty, fresh and becoming; that's the aim and the artistry in fashions for Spring.

Joyce Lane reports the New York fashion news exclusively for the W. T. Grant Company in this vicinity.

Edgerton - Harris

Mr. and Mrs. R. Perry Harris Jr. of 65 Elm st., Belmont, announce the engagement of their daughter, Edith Louise, to Bradford W. Edgerton of Arlington, son of Mrs. Earle M. Edgerton and the late Mr. Edgerton, formerly of Greenwich, Conn.

Miss Harris was graduated from Colby College, Waterville, Maine, with the class of 1951, and Mr. Edgerton will graduate from Massachusetts Institute of Technology in June.

No date has been set for the wedding.

WHAT IS DRY CLEANING?

The terms "Cleaned", "Dry-cleaned", should be interpreted to mean the standard process of cleaning fabrics by immersion and agitation, or by immersion only, in volatile solvents (including, but not by way of limitation, solvents of the petroleum type, the coal tar distillate type, and the chlorinated hydrocarbon type), and standard process incidental thereto, including spotting, wetcleaning, and finishing.

It should be noted that the complete drycleaning process includes:

1. Immersion and Agitation.—Your garment is completely immersed in drycleaning solvent. Literally hundreds of changeovers of solvent rinse and filter away the dirt and grime. Garments are then damp dried, and finally, completely dried at scientifically controlled temperatures.
2. Spotting.—Your garment is inspected, and spots which remain after the immersion process are removed by the individual hand application of steam, air, water, and selected chemicals.
3. Wetcleaning.—Some few garments which are extremely stained by liquor, beverages, blood, perspiration, or other water-soluble stains may require digestive treatment or washing.
4. The finishing process.—Pressing includes the use of machine presses, hand steam irons, and air-form machines properly selected and adjusted to insure the forming and shaping of each individual garment.

Each of the above steps is an integral part of the complete drycleaning process. Consumers have a right to expect that a drycleaner will exercise due care in the application of the above methods.

Unless definitely informed at time of purchase, that a garment or fabric will not stand normal wear or cleaning, a customer has a right to expect a serviceable fabric that does stand up under normal cleaning.

Plummer - English

Mrs. George J. English of 1271 Massachusetts ave. has announced the engagement of her daughter, Miss Helen S. English, to Richard C. Plummer of Malden.

Serving and Stitching Is Railroader's Hobby.

Hobbyist Cree, retired Canadian National Rys. electric welder, displays some of his handiwork.

Time doesn't hang heavily on the hands of Charles E. Cree of Stratford, Ont., pensioned Canadian National Railways' electric welder, because his major hobby, sewing, keeps him busy.

After serving 39 years with the Canadian National Railways shop forces, Cree now takes great pride in his sewing and stitching ability and spends most of his time enjoying his hobby.

It all began when his son, Edward, was born. Cree thought it a wise idea to take over the task of sewing and mending and, until his son was old enough for store clothes, he made all of his play-suits, mittens, scarves, coats and many other articles of wearing apparel. A christening dress for the child of one of his neighbors is his latest creation. It is made of white satin and trimmed with pale blue ribbon and it took him four days to complete the dress. During the many years that he has been sewing, he has made various articles of clothing for his numerous young friends.

Grapefruit + Broiler = Taste Treat

Simple arithmetic! And simply delicious, this new version of an old wintertime favorite. Right now Florida is shipping one of its best crops of big juicy grapefruit to markets all over the country, and you'll want to use them often for their health value and refreshing tartness. Heated slightly, they are grand for breakfast on chilly mornings, excellent additions to a main course, and a good beginner for dinner on a cold, cold night. Cut fruit in half; remove core if desired. Cut around each section, loosening fruit from membrane, but do not cut around entire outer edge. Sprinkle each half with 1 tablespoon of sugar and a dash of cinnamon, nutmeg or mace, if desired; dot with 1 teaspoon of butter. Place grapefruit on broiler rack 3 inches from heat and broil slowly 15 to 20 minutes, or until fruit is slightly browned and heated through.

Local Teacher May Win A Free Tour

A local teacher may well be the winner of a free tour of England, if ballots received in First National Stores' Snow White and Prince Charming contest are an indication.

One of the features of the contest provides that the teacher voted the most popular by ballot will accompany the two winners, acting as a chaperone on their tour. Blanks are obtainable at all First National Stores.

It is not necessary to enter the contest to cast a vote for the most popular teacher. The teacher selected will be the teacher receiving the greatest number of votes in proportion to the population of the town or city in which he or she teaches.

In the meantime, entries are pouring in from young people eighteen years old or under, who are participating in the voice contest to win the designation of Snow White or Prince Charming. The boy and girl selected from this competition will win a free all-expense visit to England this coming summer.

Runners up will be awarded one of 18 brand new 1952 Admiral 21 inch television sets.

Additions of applicants have already begun, but it is not too late to enter the contest as applications will be received until February 15.

All applicants will receive an audition, and winners will be announced at the grand finals to be held at the Hotel Somerset on Saturday evening, Feb. 23. Deems Taylor, famous American composer and critic, will be the sole judge at the finals. Applicants may sing any song of their choice.

MEN! Take Advantage of Our Sensational New Bayburn TIE EXCHANGE POOL!

HERE'S HOW IT WORKS

THIS AMAZING PLAN OFFERED THIS MONTH ONLY TO PROVE WE CAN MAKE TIES LOOK LIKE NEW WHEN DRY CLEANED OUR BETTER SANITONE WAY!

All dirt out • Spots gone • Colors end patterns bright again • Perfectly pressed and reshaped.

You must have a few of "Those Christmas Ties" you just won't wear, or some good ties that don't go with your new suit. Just bring them in... select a corresponding number you really like and pay only the cost of dry cleaning.

Of course you can get your own ties back if they're your special favorites. Just ask for our regular Sanitone Dry Cleaning and we won't put them in the pool.

In either case you get ties that look and feel like new because they're Sanitone Dry Cleaned. Don't delay. Come in today!

SPECIAL FOR OUR SANITONE NATIONAL TIE CLEANING MONTH 5 TIES for only 49¢
